PANDAW STATEROOMS

The Pandaw stateroom is the most celebrated feature of our ships, combining splendid colonial-era character with exquisite contemporary comfort.

Finished in brass and teak, the main and upper deck rooms are a spacious 168 square feet (15.6 sqm), with the exception of the Zawgyi Pandaw which is 150 square feet (14 sqm). As the space is much loved by all our passengers, we have ensured that with each ship we build, the stateroom remains essentially the same. Be advised: our cabins do not have mini-bars, satellite TV's, internet access or telephones. Passengers tend to choose Pandaw in order to escape from the tiresome features found in international business hotels.

PANDAW SHIPS

RV Mekong Pandaw

Built in Rangoon in 2002 she was sailed round to Saigon under her own power and many a drama described in Paul Strachan's Pandaw Story. This ship was designed specially for the Mekong and unlike our other P class ships does not have a flying bridge. The reason was so she could get under a road bridge. She did actually scrape under on her maiden but it was so scary that Paul Strachan, then standing on the bridge, never dared attempt it again. As a result, we ended up with this incredible 750 square meter teak deck that even has a full size billiard table.

The MP as she is affectionately known is our most spacious ship with wider promenades, a larger dining hall and more public space per passenger than any known ship afloat. Seriously!

In 2012 she was refitted and lower deck cabins removed in favour of a professional spa, gym, library lounge and office. She is quite justifiably the most splendid ship on the Mekong and the envy of anything that floats by.

River Conditions Warning!

The rivers you will sail on are subject to seasonal rises and falls of water level, in some places as much as 30 metres. Water levels can change dramatically overnight and a sudden rise can impede our progress upstream considerably and even prevent us from passing under certain bridges. A sudden fall can result in our being unable to get into certain places or go as far upstream as we would hope. Groundings on sandbars are not infrequent and are part of the excitement of any Pandaw expedition. Published itineraries are indicational only and subject to sudden change. In such events alternative itineraries will be provided and we do our best to ensure that if a stop is missed we make up for it with another stop. Passengers are thus forewarned and expected to be flexible and patient. River cruising in Asia can be a dramatic and adventurous experience - not like cruising the controlled waterways of Europe or America. Note also that we operate in areas with little or no developed infrastructure and subject to the strictures of local officialdom. Be prepared for this and it is all more the fun!
